

Here is the poem from our book :
Different and Unique

Different and Unique

Accept what you feel, embrace your experience and allow your feelings to roam free.

Accept – believe, walk and live, dream and sing!

You're you, the forgiver who accepts life from the start, remaining silent and clothed in self-contentment.

Accept and overcome yourself, return and enter your soul as you should, as you know you must, as you remember how – don't ask to be told where to do it or when.

Accept that you forget him or her, glance at your bare feet, feel the earth, feel life rising through you – fly towards the sky!

Accept what you are, strive to receive self-learning when you don't know where you come from and why you went given these lessons and late nights of questions and poetry hanging behind your door to yourself.

Accept being here-now on the road to yourself, at the dawn of a late awakening.

Accept now!
